## SITUATION AND DESCRIPTION

Located not far from the Sunnegga funicular and furnished to a very high standard, this 4 bedroom apartment is situated in a recent building with only 6 residential units and extends over the entire 2nd floor with unobstructed views of the Matterhorn.

From the entrance of the apartment you can see directly into the living area with fireplace and the open kitchen equipped by Gaggenau with cooking island, which leaves nothing to be desired. The dining table is located in the window alcove with balcony access and offers the perfect view of the mountain of mountains. Right next to the entrance and thus behind the living room is the first of 4 bedrooms, which has been converted into a small but nice gym with Technogym equipment. In the hallway to the left behind the kitchen is a small steam bath with a washing tower, and to the right is the separate bathroom, which also serves as a guest WC. This is

followed by a further west-facing bedroom, also with balcony access, and finally the two south-facing rooms, one of which has a large adjoining bathroom and the other is currently used as an office. Both rooms can be separated from the rest of the apartment by an additional door. Lights and blinds can be operated via cell phone.

The property also has a private cellar compartment, which has been converted into a dignified ski room, and a direct access to the wellness and swimming pool area in the neighboring building. Latter gives as well the possibility of offering accommodation to holiday guests through its hotel-like structure, which can generate interesting rental income. And if you are still not convinced, it should be mentioned that 2 parking spaces are also being sold with the accommodation, which is a very rare commodity in Zermatt.
