SITUATION AND DESCRIPTION

Perched high above the prestigious resort of Villars-sur-Ollon, this exceptional property offers breathtaking panoramic views of the Alps as well as direct access from the Bouquetins ski slope, perfectly combining Alpine elegance with the practicality of ski-in/ski-out access.

Situated at the top of the Domaine de la Résidence, a private park of almost 80 hectares, the chalet is located in the eastern loop of the resort, right on the edge of the slopes, while remaining just a few minutes from the center of Villars-sur-Ollon and its shops. Edified in 2000 on a generous plot of 1,920 m², Chalet Chaux-Fleuries deploys 270 m² of living space over several levels and stands out for its bright spaces and refined finishes.

The property features five spacious bedrooms, four bathrooms, two fully equipped kitchens, a double

indoor garage with automatic door, a checkroom and ski-room, as well as an atomic shelter, offering comfort, practicality and security in equal measure.

The chalet also benefits from significant potential for extension and the possibility of building a swimming pool, with planning permission already obtained, making this property a rare opportunity on the market.

This property combines refinement, comfort and a dominant position, ideal for a prestigious primary or secondary residence in the heart of the Swiss Alps.
