## SITUATION AND DESCRIPTION

Nested in an unspoiled clearing, surrounded by forests and pastures, the chalet "Au Paradis" lives up to its name perfectly. Away from any residential area, this rare property offers absolute tranquility, total privacy and a privileged immersion in nature, while remaining easily accessible.

With a living area of around 121 m<sup>2</sup>, this chalet built in 1965 and renovated in 2008 combines Alpine charm, noble materials and modern comfort.

### A warm, bright living space

The entrance opens onto a welcoming hall with large storage cupboards and a guest toilet, offering a functional space from the moment you arrive. The hall then leads to the light-filled, southwest-facing living room with windows on three sides. The fireplace lends the room a warm, cosy atmosphere, ideal for winter evenings.

A wide French window gives access to a superb dry-stone terrace, a true extension of the living room, offering unobstructed views of the forest and mountains - an idyllic setting for alfresco dining or moments of relaxation.

The fully-equipped kitchen, complete with window, stands out for its handmade terracotta tiling, bringing authenticity and elegance.

An adjoining laundry area, equipped with built-in cupboards and integrating the utility room, cleverly completes this level

### A renovated night floor, elegant and soothing

The upper floor is entirely dedicated to the night space, accessed via a bright corridor at the top of the staircase.

It includes three beautiful bedrooms, all featuring:

- large windows,
- and built-in wardrobes.

The north-facing bedroom also benefits from a large velux window, offering abundant natural light and a peaceful atmosphere.

A superb shower room completes this floor:

- natural slate floor,
- stone washbasin carved by a Valais craftsman,
- Italian-style shower bathed in light thanks to a velux window,  
creating a space both refined and Zen.

Parking and annexes:

A chalet-style garage box built in 2001, located below the plot, provides parking for one vehicle and ample storage space.

In addition, the property features:

- a covered parking space under the chalet,
- and space for at least two additional vehicles to be parked outside, for a total of 4 parking spaces.

The chalet is available as a primary or secondary residence, as well as for sale to foreigners
